### Description

Overseas membership of Bucks FHS until 31st December 2022

Please use this voucher if you wish to pay for Overseas membership of the Society. You will receive a paper copy of Origins Journal three times a year. Due to high postal charges there is only one class of membership for members not living in the UK

You may use this voucher to join the Society or renew your membership.

It would help us if you could indicate in the note box on the last page of the order form whether this is a NEW application or a RENEWAL (please include membership number if known)

Please note: New members will need to await the response from the Membership Secretary allocating their membership number before being able to register on the main website.

If using this to renew membership, please ensure any old standing orders have been cancelled.
